And What Have You

By BOB CRAIG

Even after two hours of discussion at the meeting here a week ago Monday to explain the proposed changes in the Public School Education program there still seemed to be much confusion and misunderstanding.

The one thing that seemed to be clear after the discussion was that education was going to cost more and more each year. The only question seemed to be how much more, and how much more we could afford.

The two factors in the program that cause the most opposition are the consolidation of school districts and the share of costs.

Since we have no idea how the proposal will come out of the legislature, we can only comment on the program as it is expressed in the committee's report.

Even though it is possible that Jones County could have one school district and still have three high schools and as many other junior high schools and elementary schools as needed, we still have our doubts about this part of the program. While we would favor a slower approach to this it may be that in the long run this is the best answer.

If this part of the program does not curtail our local schools, and as we understand it, it would not, then we can go along with the consolidation if it will improve the overall system.

As far as costs are concerned we believe we are in favor of the program if it works the way the committee's report says that it will. This is the part that could be hurt in the legislature by compromises based on misinformation.

As we understand the committee's intentions, the idea is to bring the total school program up to the point where there would be less need for local districts to add so much extra money to their local program. This would be done partly by the consolidation of districts and partly by an increase in the state program.

At the present time the Hamlin District is paying the full salary of five teachers over the state schedule as well as paying a bonus to all teachers over the state schedule. The new plan has a goal of eliminating the need for the bonuses by increasing the salary schedules to the point that this would not be necessary. We do not know if this will work out or not but in most cases it should.

The state would pay for more teacher aides, for vocational teachers and would increase the state's share for books, equipment and transportation.

While the state would drop their average share from 80 percent of the minimum foundation program to 75 percent the program should cover more of the actual costs. At the present time the Hamlin District is paying around 30 percent. None of this includes buildings, which at the present will continue to be the responsibility of the local districts.

The reevaluation phase of the program has scared lots of people because for the most part it has been misunderstood. At the present time the district's ability to pay has been based on a complicated formula based heavily on county values. It has been these county values that have caused most of the problems.

A house in one county can be on the books for \$500 and a house of an equal value in another county for \$4000 or more. A piece of land that is in two counties can be on the books for \$150 an acre in one county and for \$20 in the other. This means that the county with the lower values gets the most state money because of their lack of "ability to pay."

The new values would be used only for the purpose of determining (See News and Views on page 2)

the need for state aid and would not be a basis for taxation as the local districts would still determine their own taxing policy on the basis of their need.

The change would also eliminate some loopholes in the present system that permit some districts to take advantage of the program.

The key to the program, and what it should be judged on, is a better education for all Texans with the help of the state rather than a minimum program with the local districts making up any extra effort on their part.

As the third six-weeks and the semester comes to an end, students look back and wonder where the year has gone and look forward to the future.

The Pipers lost last Friday night to the Anson Tigers with a score of 60-52. Hamlin gained a measure of revenge by winning the girls' and B-team games. The girls won 42-41 and the B-team won 57-35.

Stage band members have been working hard almost every afternoon after school and on Sunday afternoons preparing for their first contest February 1 at Hardin-Simmons University. Also,

many band members are beginning to work on solos and ensembles to be played March 1 in Abilene.

Students who receive a I rating on a first-class solo or ensemble will be eligible to go to state solo and ensemble contest.

Many FFA and 4-H members participated in the Hamlin Community Livestock Show held last Saturday in the Jaycee Building. Al Ma-berry of Trent was the show judge, and John Hix received the Jaycee Special Showmanship Award.

Junior students are busy trying to choose a play for the annual class play to be held in March. Mr. Hartgrove is tentative director.

By MRS. R. M. BABB

Almost the middle of January and where have the days gone? Seems every one is in a hurry and very busy and if this is any indication, the year will be a short, busy one for every one.

Mrs. Jack Gann, Mrs. John Edwards and Lea Dickerson have all spent several days in the hospital in Hamlin but are home at this

writing. Mrs. Milton Montgomery is still there but some improved.

Mr. Woodson, Mrs. W. B. Brown's father of Holiday Lodge in Hamlin, and the Jerry Prather family of Sweetwater spent the day Sunday in the Brown home.

All the Montgomery children were fortunate enough to be able to come see their mother since she has been ill.

The Melvin Thompson family have all been ill the past week and Charles Scott hasn't felt well at all.

Have you registered so you can vote this year? If you haven't, please do for there will be some elections coming up and all should be able

to vote!

Mr. and Mrs. Woodrow Lawlis spent the latter part of last week in Euless with their daughter, Glinda and Jimmy Purvis. Jimmy was having x-rays and we think every thing will be fine. Really I think the Lawlises en-

joyed the grandchildren just a lot while there.

Sorry, my news is short but guess I haven't been very nosy this week!

Miss Mary Esco Leads Program for Women In Concern

Miss Mary E. Esco, Hamlin Junior High School librarian, led the discussion on "Better Pupil, Parent and Teacher Relationship" at the Monday evening meeting of Women-In-Concern in the Fellowship Hall of First Baptist Church. Fifteen women attended.

Prefacing the discussion, Miss Esco explained ways in which teachers and parents might form a partnership by working together. "The teacher's role is to face the problems of training and educating a child so that he will develop to his greatest potential. The teacher opens doors of opportunities for students; the teacher listens, observes, and coaches the student so that he can improve and learn," she said.

The teacher's role must be aided and guided primarily by the parents who are interested in studying, understanding the individual child and sharing his concerns, interests and his capabilities.

She cited a list compiled by a group of teachers of eight qualities as most important for parents, namely, fairness, firmness, patience, cheerfulness, ability to cooperate, constructive attitude, courage and sensitive understanding. "Being a parent is one of the most glorious and most difficult jobs in the world," she added.

Miss Esco mentioned sharing experiences in the family as a wonderful way of learning. Parents and children need to work together, play together, sing together, hope together and pray together, and by so doing children learn to get along with each other.

They develop a spirit of sportsmanship, fairplay and consideration for others that will strengthen the whole fabric of their lives.

All present participated in the group discussion.

Knitters who would like to help on this project may get the instructions and see samples prepared by Mrs. Witt at the Knit Shop at Witt Jewelry.

Those who knit usually have left over yarns that can be used for this purpose. The instructions are very easy and the simplest stitches are used. The bed socks are knitted with size 5 and 6 needles and the crutch pads require sizes 5 and 8. Four-ply knitting worsted is used for the bed socks and crutch pads.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (January 11, 1924)

Since Tuesday night Hamlin people have unanimously agreed to attach burglar alarms on their garage doors and walls, for on Tuesday night it was fully proven that locks are no good. Auto thieves went in just as well where there were locks as where there were none. The rascals took auto articles sufficient to fill an ordinary auto supply house, and also hypodermic needles, overcoats and shotguns. Better attach burglar alarms and also have ready a good shotgun, and when the bell rings and the lights flashes turn the gattling piece a- loose. That will stop one or two.

Jones county this week is all a- stir over the road question. But the "stir" seems to have its origin be- cause of the lack of unity in the county. Anson is acting alone and asking for a district about eleven miles wide, splitting the county from east to west. The Herald does not know what that part of the coun- ty is asking for, but evidently a handsome sum for good roads.

The Hamlin Luncheon Club with H. O. Cassle, president, met Tues- night to discuss good roads. J. J. Waggoner reported after a trip to Austin, that it was clear that Anson would not agree to join with the North part of the county. A petition call- ing for a \$600,000 bond election in the north part of the county is being circulated.

The First and Second girls basketball teams of White Pond will play Neinda one day this week.

Hilton school is progressing nicely. We had a pie supper, and the Prettiest girls were elected. They are Misses Audie Lee Staple- ton and Miss Annie Bittle.

The Neinda basketball teams went down to Boyds Chapel and cleaned up on them. The girls game was 31 to 5 and the Neinda boys de- feated the invincible Boyd boys 16 to 15. Mr. Maxey cut out most of the rough stuff--some of the boys were pulling.

TWENTY YEARS AGO (January 21, 1949)

Truman Nix, formerly of Lor- raine will become assistant athletic coach in Hamlin schools Monday January 24, it was announced this week by I. R. Huchingson, supt. of schools.

Jones County's annual Fat Stock Show and Exposition will be held in Anson, Friday, March 4, it was announced this week by T. C. Blankinship, Hamlin V. A. teacher. Prizes totaling \$750 will be offered in the various divisions of the show.

Officers for the new year were elected by members of the Women's Auxiliary of the Fire Dept. Mrs. Garland Coltharp was named presi- dent. Other officers are Mrs. L. J.

Cunningham, vice president; Mrs. Sol Branscum, secretary-treasurer and Mrs. H. E. Lawson, reporter.

Annual dinner for the Camp Fire Girls will be held in headquarters for the organization in Stamford next Monday evening at 7:00 o'clock. Mrs. Elbert Fomby of Hamlin and several members of the Princess Blue Bird group will attend.

TEN YEARS AGO (January 15, 1959)

Deposits in the F&M National Bank of Hamlin reached an all-time high in the official statement of condition of December 31. The \$5,605,097.23 total was more than half a million dollars more than it had ever been before.

Annual campaign to raise funds for the National Foundation is get- ting underway in the Hamlin community, announced Ed Croan, drive community chairman.

Georganna Fitzgerald, daughter of Mr. and Mrs. James Fitzgerald was selected as a member of the area band group to participate in area try-outs for all-state band positions when she played in regional try-outs of Central West Texas band students Saturday at McMurry College. She plays the oboe.

Hamlin boys came away from the Jones County Livestock Show with 11 top animals in six classes. They won four grand championships and five reserve championships, besides more than one-third of the prize money posted for the show.

Vision, enthusiasm, determi- nation and optimism were suggested as guideposts to continued progress for members of the Hamlin BCD by P. D. (Dick) O'Brien, pastor of the Big Spring First Baptist Church, when he spoke at the first annual banquet of the revamped chamber of commerce organization Friday evening at the Hamlin High School gymnasium.

Nearly 400 community and out- of-town people attended the affair that featured a banquet meal of ham and the trimmings on all tables, musical entertainment by Georganna Fitzgerald and Rev. and Mrs. Gene Moore, the main address by O'Brien and installation of new BCD officers for the ensuing year by Retiring President and M. C. Carl Murrell at the head table.

Senator Lyndon B. Johnson will head the 1959 Heart Fund campaign in the Lone Star State.

Harden Memorial Library, sponsored by the Hamlin Woman's Forum, has been undergoing some major changes designed to make the book-bank more convenient and its services more accessible.

Each of the nine affiliated clubs of the Woman's Forum has donated folding chairs, and some of the clubs plan to meet there hereafter.

Hospital for several days. We hope she too will soon be bet- ter and able to return home.

Jo Lynn Johnson Gives Program

Miss Jo Lynn Johnson, daughter of Mr. and Mrs. John T. Johnson spoke to the Hamlin Rotary Club Wednes- day, Jan. 8. Miss Johnson re- cently won an all expense tour to Washington, D. C. to leave June 2 with a delegation from Texas. Her honors were won in a speech contest re- cently sponsored by Mid West Electric Cooperative.

Miss Johnson told the Ro- tary Club how the topics were assigned the contestants. They were to assemble their own material, and present it in a speech about five minutes long. Miss Johnson presented her speech to the local Ro- tary Club.

Mr. and Mrs. Dannie Ma- berry are parents of a boy, Shannon Patrick, born Jan. 9 at 9:40 a.m. He weighed 7 lbs. 4 oz.

Mr. and Mrs. Joe Frank Garcia of Rotan are parents of a boy, Daniel Brian, born Jan. 11 at 6:47 a.m. He weighed 5 lbs. 3 oz.

MOUNTAIN TOP

"MOUNTAIN TOP EXPERIENCES" . . . It is not yet vacation time, however that time is approaching and we start remembering the wonderful feelings and experiences of our last trip to the mountains, and now we can start to plan new adventures.

That closeness, and the exciting feeling when worshipping the Lord is often referred to as a "MOUNTAIN TOP EXPERIENCE." We invite you to come worship the Lord in his house, and receive the joys of being close to God. Attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and par- ticipate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
